## THE TWO WAYS OF RELIEF.

If anyone should doubt that we are coming upon a new era in legislation, the utterances of such men as Taft at Columbus yesterday should be convincing. There are two alternatives confronting the people to cure the evils that have grown out of the policy of discrimination and favoritism that has been fostered by the Republican party: One is to abandon this policy and hark back to those simpler standards of government for which the Democratic party has stood and yet stands. The other is to plunge into new experiments under the guidance of those from whom and their predecessors the present evils have come.

Secretary Taft and President Roosevelt stand and plead for dangerous extensions of Federal power. They would curb swollen fortunes by excise after accumulation, when all their evils lies in their making. They would preserve the tariff in all its intricacies, which they admit, until it is in part safe to revise it.

By declaring as Taft, did, that only the differential between American labor conditions and those prevailing abroad should be allowed, they tacitly admit that many schedules now permit more than this difference.

Yet they want the whole country to wait the pleasure and the convenience of the Republican party for these wrongs to be righted. And, moreover, they accept heavy campaign contributions from the selfish interests they thus serve by delay.

The railroads are roundly abused by Taft and the administration for their discrimination and rebating, and yet these have done nothing more, nothing different in principle than the whole protectionist policy of the Republican party has been doing with business all along.

This economic theory that what is done at the expense of the many for the building up of the few would be gratefully returned by the beneficiaries and distributed among their benefactors in overflowing measure has been tried and found wrong.

Even its originators now admit that it is wrong. But they say it cannot be righted yet. It will hurt the grand old party!

## THE OUTING

Of Canton Grocers and Butchers a Whooping Success.

## GREAT CARD OF SPORTS

The grocers and butchers picnic at Meyers lake yesterday attracted about 3,500 people to the park grounds.

Had the weather indications been more favorable and the air not so cool there would have been a vastly larger number of people out to enjoy the day and the program of sports, which was pulled off. Ladies were seen on all sides with fall-wraps and many who had none with them looked with an envious eye towards those who had taken the fore-thought to go prepared for the cool breezes from off the lake.

The attractions at the park were liberally patronized but the matinee performance at the park theatre and the ball game between the wholesalers and retailers proved the star attractions during the afternoon. The theater was filled to full capacity.

## EXCITING FOOT RACES.

The different foot races which had been arranged for did not want for interest as the number of entries showed, each one having plenty of starters to make them all a go. The first race on the program was that of the fat men and it had six entries. The course was a 100 yard stretch down the pike and to guard against possible fatalities those having charge of the events established a patrol along the waters edge so as to stop the racers at that point and prevent the fat men from rolling into the water. This precaution was taken at the suggestion of F. X. Volzer, who announced when entering the race, that he would keep on going until he won the race if he had to cross the lake to win.

The entries came in so rapidly for the different events that those having charge were unable to secure a complete list of names hence it is possible to give only the names of the different winners.

F. X. Volzer won first prize in the fat men's race, which was \$2. Henry Wilhelm won second prize, \$1.

In the clerks foot race there were seven entries: Charles H. Rast won first prize, \$2. Howard Palm won second, \$1.

The girls race was won by Miss Martha Monnott who got \$2, while Miss Mary Pottorff won second prize, \$1. There were ten entries in this race.

The boys race, with nine entries was won by F. Albaugh with Donald Kauffman as second. Each got a watch.

The sack race proved one of the most exciting events of the program. There were six entries and the first prize was easily won by Charles Rast, but it was found necessary to run off several ties for second place and it was finally decided to divide the second prize between Messrs. Wonderly and Bliss, each getting fifty cents. Mr. Rast received \$2, as first prize.

The boys shoe race was full of hilarity and hustle. There were eleven entries and 22 shoes were mixed in a promiscuous heap and their owners turned loose at a 100 yard limit. The boy who first found his pair of shoes and got them properly onto his feet and laced won the first prize, a watch. Donald Kauffman was the lucky one in this race and E. Gutt won second prize, also a watch.

In the afternoon a ball game was played between the wholesalers and retailers which attracted a good crowd and elicited more applause from the spectators than a league game. The game resulted in a score of 6 to 4 in favor of the retailers.

In the forenoon a game was played

between the wholesale and retail butchers which resulted in a victory for the retailers by a score of 19 to 1.

## IN THE COURTS

COMMON PLEAS COURT.  
J. J. Wise, clerk.  
A. W. Agler, chief deputy.

## NEW CASES.

18469 — Fannie R. Myers vs. Frank H. Myers. Action for divorce and alimony. Homer V. Briggie, attorney.

Frederick Snyder et ux., to Henry Koonz, \$346.16 on lot 2827, Massillon.

Karl Stettler and wife to David B. Smith, executor, part of lot 3897, Canton.

Estella M. Swinehart, et al., to George D. Harter Bank, \$2500 on lot 3658, Canton.

## REPAIRS WILL BE MADE

On Streets to Be Used by Parading Letter Carriers and on Dedication Day.

The members of the B. P. S. Street Superintendent Harbert, Messrs. Owen and Brooks, members of the streets and alleys committee, of the Council, inspected Cassaday, Fulton and Shorb streets and Linden Avenue Tuesday evening in order to ascertain what repairs were needed to put them in shape for the Letter carriers convention and the dedication of the McKinley monument. They decided that the streets should be leveled and the low places filled and that the gutters on Linden Avenue should receive some attention and that the gutters on the hill should be paved with cobble stones. The work of repairing the streets will commence just as soon as the Council makes the necessary appropriations, which the members stated would be at the next meeting.

## BUY YOUR MILK IN SEALED BOTTLLES

Bottled Pasteurized Milk is the Only Clean Sanitary Milk Sold.

If you buy your milk in bottles it is not necessary for the housewife to rush out into the middle of the street in all kinds of weather. The Sanitary Milk Co. delivers its milk to your door. Their drivers do not ring a bell and call you from your housework out into the street. If you want pure, sweet, healthy milk, call THE SANITARY MILK CO., or stop one of its wagons. Bell Phone 729, Stark Phone 1238.

In 1830 the world contained only 210 miles of railway; now there are 360,000 miles of line.

Candidates should have their cards printed at the News Job room.

## FUND IS GROWING

AND ARRANGEMENTS FOR MAIL CARRIERS ABOUT COMPLETE

Committees Are Now Soliciting Donations to Entertainment Fund by Mail—Many Replies Received.

Time and opportunity for a house to house canvass not being available the committee having the matter of raising funds for the entertainment of the visiting mail carriers who will meet in national convention in this city have adopted the plan of soliciting donations to the fund by mail. The first of these letters have been sent to citizens who had not been before approached and already replies have been had which are more than satisfactory to the committee.

There is still \$500 lacking to make the fund as large as the committees in charge of the entertainment of the visiting carriers consider necessary. Because of this fact and as the money had to be raised from a large number of people it was decided to send out the letters asking for contributions of 25 cents. In many instances replies have been received containing many times this amount but a goodly sum is still to be raised.

It is said that advices have been received from Chicago to the effect that 87 delegates, a band of 22 pieces and about twenty women will attend the convention from that city so far as is now known.

Yesterday President Weber, of the American Federation of Musicians, met with Chairman George Clark, of the Citizens Mail Carriers' Convention, regarding the bands which will be employed on the day of the parade and the national president of the musicians' organization was informed that no bands would be employed as bands composed of carriers would be here in sufficient number to furnish all the music necessary.

The letter sent out by the committee is as follows:

"Fellow Citizens:  
"Monday, September 2, Labor Day, the second biennial and sixteenth national convention of the National Association of Letter Carriers will convene in our city and continue for the entire week.

"On the afternoon of Labor Day at 3 p. m., there will be a parade of delegates from every state in the union; and letter carriers in uniform from Detroit, Pittsburg, Allegheny, and other western Pennsylvania cities, Cleveland, Youngstown, Akron and all nearby Ohio cities.

"There will be at least six bands and one drum corps in the parade, while the Boston, Brooklyn and St. Louis letter carrier bands will be here for the week.

"The committee appointed by the board of trade to canvass for funds to entertain the convention has met with success when calling upon the manufacturing and business interests of Canton, but owing to the size and duration of the convention the expenses are necessarily large and more funds are needed.

"If you are interested in having the first national convention ever secured for Canton a success, place any amount you feel so disposed or able to give from 25 cents up, with your name, in the enclosed envelope, seal and hand to your letter carrier before Saturday, Aug. 24, if possible, so that the committee will be in a position to know and prepare for the entertainment, with the amount of money at their disposal.

"By so doing we will be able to entertain our visitors in a manner that will reflect credit upon our city and citizens when they leave for their homes."

## THREE MINUTES

The Time Required to Mix and Knead a Batch of Dough by New Fangled Apparatus.

"Just three minutes to mix and knead a batch of dough, no difference whether it is enough for ten loaves or for but one." That is the proposition being demonstrated by Mrs. Kathryn Hennessy, at the hardware store of M. W. Miller, 226 East Tuscarawas street. After she mixes the bread in her time saving apparatus, she allows it time to rise and then bakes it. It's good bread, too, tasting something like that kind mother used to make when she used a big pan and a kneading board and worked half a day getting the flour and water and salt and yeast and other things together.

This Yankee mixer used by Mrs. Hennessy, of which she sold \$6,000 while demonstrating in the Wanamaker store in Philadelphia, is not only a time saver but a saver of all other things which go to make a baking of bread. The time of the housewife is saved, hard work at the kneading board is no longer necessary, there is a saving in the amount of flour used and when the bread is in the oven there is but the one implement to clean, not a number of pans, spoons and boards. The apparatus as demonstrated by Mrs. Hennessy is calculated to excite the admiration of every woman who bakes her own bread and make some who don't anxious to try it.

## Policemen Return to Duty.

Police officers John Penley and Bert Manderbaugh who with their families have been camping at Springfield lake for ten days, have returned home. Mr. Penley is nursing a sore foot which will prevent his resuming patrol duty for some time.

FARM FOR SALE—This farm containing 51 acres situated 1/2 mile west of Maximo station this land is good farming and part pasture land and will be offered at private sale for a limited time. S. Maudro and Mrs. Henry Miller.

There is selling oxen at cost prices.

## PITTSBURGH EXPOSITION

Opens Aug. 28—Closes Oct. 28

THOMAS' ORCHESTRA

Aug. 28th to Sept. 7th

SOUSA'S BAND

Sept. 9th to Sept. 21st

VICTOR HERBERT

Sept. 21st to Sept. 28th

U. S. MARINE BAND
